JDRCC Graduate Spotlight

James Bennett

2019 WHS Graduate
2019 Completer - Auto Tech
JDRCC Instructor: Mr. Hardy

Q & A with James Bennett

James is set to graduate in January 2022 from Pittsburgh Institute of Aeronautics (P.I.A.) with an Airframe and Power Plant license and with an Aircraft Maintenance Technician license. He will begin employment at Boeing in Seattle, Washington in Feb. 2022 as an Aircraft Mechanic and Inspector.

Q: What prepared you most effectively @ the JDRCC?

A: "Mr. Hardy did—he was the best teacher I ever had! He stressed the ASE and NOCTI testing, and they were looked at at P.I.A., and also by Boeing—it was part of the hiring process. He taught me about structure, and having a plan that was emphasized at P.I.A., and it will help me as I go forward."

Q: What did you think of CTE (Career and Technical Education)?

A: "It was the most real education you can get...I recommend it highly."
